This manual is published in terms of Section 51 of the Promotion of Access to Information Act 2 of 2000 ("**PAIA** ") [the "**Manual**"] and provides an outline of the type of records and personal information which the Company holds and processes. The Manual also explains how to submit requests for access to these records in terms of the PAIA. In addition to explaining how to access, or object to personal information held by the Company, or request correction of the personal information, in terms of Sections' 23 and 24 of the Protection of Personal Information Act 4 of 2013 (the "**POPI Act**"), the Manual also explains how to submit requests for access to these records in terms of the PAIA .

The objective of the PAIA is to give effect to the constitutional right to access to information, which information is held by a public or private body, and which information is required for the exercise or protection of any rights. The PAIA recognises the right entrenched in Section 32 of the Constitution of the Republic of South Africa, 1996 and aims to foster a culture of transparency and accountability in public and private bodies by giving effect to the right of access to information.

Accordingly, this PAIA Manual aims to establish and foster a culture of compliance with prevailing data protection legislation, which in turn gives rise to an environment within which the rights to access to information are actively protected and promoted.

Section 9 of the PAIA dictates that the right to access to information is not an unlimited right and is subject to certain limitations, which include limitations which balance the rights which data subjects have to access information against other rights which data subjects and interested parties have, whether it be in terms of the Constitution of the Republic of South Africa, 1996 or otherwise. Some of these rights which the right to access to information are weighed up against are aimed at protecting the fundamental right to privacy and maintaining the confidentiality (whether it be commercial or individual confidentiality) of interested parties so as to maintain acceptable levels of governance.

In this regard, a requester is any person making a request for access to a record held by the Company. There are two types of requesters:

- A Personal Requester: A personal requester is a requester who is seeking access to a record containing personal information about the requester. The Company will voluntarily provide the requested information or give access to any record with regard to the requester's personal information. In this regard, the prescribed fees for the reproduction of this information requested may be charged.

5.2 Prescribed Fees

The following applies to requests (other than personal requests):

- i. A requestor is required to pay the prescribed fees before a request will be processed.
- ii. If the preparation of the record requested requires more than the prescribed hours, a deposit shall be paid (calculated on one third of total amount per request).
- iii. A requestor may lodge an application with a court against the tender/payment of the request fee and/or deposit.

6 REMEDIES & DECISION

6.1 Remedies

The Company does not have an internal appeal procedure regarding PAIA and POPI Act requests for access to information. As such, the decision made by the Information Officer, is final.

If a request is denied and the requester is dissatisfied with the Information Officer's decision, the requestor will be required to exercise such external remedies at their disposal if a request for information is refused.

In terms of Section 77A of the PAIA, if a request is denied by the head of a private body, the requester may lodge a complaint with the Information Regulator using PAIA **Form 5**, available on the Regulator's website or eServices portal, within **180 days** of the decision.

A requester is further entitled in terms of Section 78(2)(b) of the PAIA to apply to a court with appropriate jurisdiction within 180 days for appropriate relief.

6.2 Time Afforded to the Company

The Company is required to, within 30 (thirty) days of receipt of a request, decide whether to grant or decline the request and, if required, provide the requester with reasons to that effect.

The 30 (thirty) day period stipulated in the Clause above may be extended for a further period of not more than 30 (thirty) days if the request is for a large amount of information, or the request requires an extensive search for information which cannot reasonably be obtained within the originally stipulated 30 (thirty) day period.
